

ACCESSIBILITY POLICY

Introduction

This Accessibility Policy aims to outline how Barnes Infant Academy will:

- increase the extent to which disabled pupils can participate in the curriculum and parents/visitors can access the site
- improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- improve the availability of accessible information to disabled pupils, parents and visitors

The Policy aims to support compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. This definition includes sensory impairments and long term health conditions.

Vision

Barnes Academy Trust is committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. The Trust is committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Accessibility Plan

The Accessibility Plan will assess the accessibility of the academy and contain actions to:

- Improve access to the physical environment of the academy, where necessary adding specialist facilities and/or equipment. This covers reasonable adjustments to the physical environment of the academy and physical aids to access education.
- Increase access to the curriculum for all pupils, making reasonable adjustments as necessary to allow opportunities without discrimination of any kind. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

- Improve and make reasonable adjustments to the delivery of written information provided to pupils, staff, parents and visitors with disabilities where required. Examples might include hand-outs, timetables, textbooks and information about the academy, events and homework guidance. The information should be made available in various preferred formats within a reasonable time frame where necessary.

Review

- The Accessibility Policy is subject to a regular yearly cycle of monitoring, evaluation and updating, where it is reviewed by staff and governors and amended if necessary so as to continue to reflect best practice.
